

Sobering Facts: Substance Abuse Affects All of Us

The substance abuse crisis is hitting our communities hard. Humboldt County has the second highest rate of opioid overdoses in the state per capita. There are high rates of other drug and alcohol abuse in our county. Families are struggling, children are being removed, and increasingly families are torn apart by the cycle of substance abuse.

We understand that families heal within communities so our program aims to heal the whole family by actively engaging communities, drawing upon an extended family support team, preserving dignity and promoting respect, employing a therapeutic model, and focusing on returning to harmony.

Family Wellness Court About Us

In response to the opioid epidemic in Humboldt County, the Humboldt Superior Court and the Hoopa Tribal Court, through a joint powers agreement, have created the Family Wellness Court as alternative to the juvenile dependency system. The Family Wellness Court is presided over by two judges—a tribal court judge and a state court judge—and operates under California state law, Federal law, and Hoopa tribal law. The Family Wellness Court embraces components of tribal healing to wellness and collaborative court approaches, and is informed by Hoopa traditions, and culture. What we believe is that through introspection, reflection, and connection, we heal ourselves and each other. Wellness is achieved through a holistic approach to support the next generation.
